## **INFIDELITY INVESTIGATIONS**

**We can help confirm your suspicions about your spouse's possible cheating. Whether you've intercepted his/her texts or e-mails with a suspicious person or they have been acting out of character, you suspect something's going on behind your back. That's why you're interested in hiring us and that's why you're reading this right now.**

**We will conduct static and mobile surveillance of your spouse or significant other. We will obtain photographs and video to help you stop wondering what he or she is doing and confront them with the evidence.**

**We cannot guarantee the outcome of the investigation. We are compensated for watching and reporting regardless of the outcome. Many times, the subjects we watch are not doing anything wrong. As a result, our clients gain peace of mind and realize they're just being paranoid. Sometimes, however, we do find that the subject we're watching is up to no-good. Thus, we will confirm the client's suspicions.**

**The purpose is so that you, the client, know for sure what's going on with your spouse or significant other. Please call us to discuss your specific needs.**
